Colombian Joy

2023 Collection

In the heart of Colombia where coffee is life itself and a culture has been created around it, a mountaineering coffee grower cares for his plantation as a treasure that nature gave him. The ideas, the inspiration, the longing to know that this coffee will be appreciated by you go through his head. Like a vigilant, also on his head, is the aguadeño hat; originated from aguadas in that deep Caldas, the heart of the heart; fine, smooth and with character as the Kilele Eje Cafetero Origin.

En el corazón de Colombia donde el café es la vida misma y una cultura se ha creado a su alrededor, un caficultor montañero cuida su cafetal cual tesoro que la naturaleza le otorgó. Por su cabeza pasan las ideas, la inspiración, el anhelo de saber que este café será apreciado por usted. Como un vigía, también sobre su cabeza, está el sombrero aguadeño; originario de aguadas en aquel Caldas profundo, el corazón del corazón; fino, suave y con carácter como el Kilele origen Eje Cafetero.
